Karjba, Škropeti

Building land for sale between Škropeti and Karjba. The land area is approx. 2130m². The building land is located along the main road.

According to the location information, the land can be divided into 3 cadastral plots and thus 3 houses can be built.

At this moment (September 2025) work is underway to separate part of the land for a side road and draw boundaries.
