The residential building consists of a ground floor and three upper floors, housing 12 apartments and an elevator. Each apartment includes two parking spaces on the building's premises. The developer has many years of experience in residential construction. Upon request, we can show you completed buildings and apartments in the same or similar locations, allowing you to assess the construction quality before making a reservation.

CONSTRUCTION SPECIFICATIONS
- Electric underfloor heating throughout the apartment
- Pre-installation for air conditioning units
- Fully fitted bathrooms with sanitary ware
- Choice of flooring: ceramic tiles or laminate
- Elevator
- 2 parking spaces per apartment

PURCHASING DURING THE PROJECT PHASE
Reserving before construction begins offers you a wider selection of apartments and layouts. You may also choose your own final flooring materials.

LOCATION
In the vicinity of Poreč, approximately 2,000 m from the sea and 500 m from the town center.

Please contact us for further information, reservation terms, or to arrange a viewing of the location and the developer’s previously completed projects.
